I am pleased to write this letter of recommendation on behalf of Emily Pellegrini. Emily worked with Evoke Giant in the creative department during the summer of 2019 as an art intern. I had the pleasure of working with Emily as her mentor/manager and watched her quickly become an integral member of our team and creative family.

Emily interacted with every department as she was curious in the workings of an agency. With her warm personality and eagerness to help with all aspects of a project, Emily excelled at just about any task she was given. One her best qualities is that she is not hesitant to ask questions if she is unsure of a task or design related software. This characteristic instilled confidence in the person giving her the task because they knew she cared about the work itself, was thoughtful about timelines, and was motivated to do her best work. Along with her creative conceptualizing abilities and precise designer's eye, Emily's obvious strength is her illustration skills, which were used in new campaign work where clients specifically called out her talent.

Overall, I would recommend Emily for any design related position or higher education program. I believe her to be a great addition to any team/class because of her skillset, thirst to learn, and ability to foster creative energy in a team.

I hope this letter finds you well—if you have any further questions, or would like to contact me personally, please feel free to reach out.

Best,
Alisa O'Neal
